

TREE WORKSHOPS

Training for high school students

SHSM WORKSHOPS

- **Conflict Resolution:** Participants will practice tools to build their conflict resolution toolkit to navigate conflict with family, friends, and in the workplace.
- **Communication Skills:** Participants will build constructive communication tools to confidently collaborate at school and in the workplace.
- **Leadership:** Participants will practice tools to build their leadership toolkit to navigate challenges they may face at school and in the workplace.
- **Ethical Considerations:** Participants will practice tools to analyse situations and make decisions ethically in family, social and workplace settings.

CONFLICT RESOLUTION WORKSHOPS

- **Conflict Resolution for Leaders:** Participants will explore strategies to build connection, communicate transparently and make decisions collaboratively.
- **Conflict Resolution for Health Classes:** Participants will explore strategies for healthy communication during conflict situations in their close relationships. This workshop aligns with Ontario Health curriculum standards.

PEACEMAKING & JUSTICE WORKSHOPS

- **Peace Innovation:** Participants will build tools to address challenging and systemic social issues and injustices.
- **Building Inclusive Community:** Participants will explore their own biases and how to inclusively problem-solve.

All programs in the 2020-2021 school year will be offered virtually.

PLATFORM OPTIONS

- Zoom
- Google Meet
- MS Teams

ACCESSIBILITY

- Closed captioning will be used for the virtual, synchronous trainings.

MATERIALS

- Projector, speakers & camera OR personal devices
- Paper & writing utensil for each participant

About TREE

The Ripple Effect Education (TREE) programs are the initial drop in a life-long ripple effect of self-awareness, healthy relationships, and empathy for youth in our community.

We strive to see the skills they build in our workshops grow to impact their friendships, their families, their resiliency to their environment, their workplace relationships, and their perspectives within society as citizens and leaders.

Our Team

Our facilitation team is a collective of leaders who value curiosity, equity and dialogue. We bring our training in peacemaking processes to create engaging and meaningful learning experiences for young people. Each SHSM workshop is facilitated by two TREE Facilitators. More TREE Programs for High School Students

The Peace Innovators Scholarship and Mentoring Program gives youth the tools they need to take action and create impact in their community.

Training Active Bystanders (TAB) empowers people to respond to harm in their community, and is suitable for grade four and older.
